

The sheets 9/15 and 10/15 are joined together to constitute the new sheet 1/2, and the sheet 6/15 become the new sheet 2/2.

Working sheets 1/2 and 2/2 show the former indexes and the new indexes.

**Former figures 43 and 27, and new figure 1**

The former figure 43 is became the new figure 1.

The cancellation in the description of the protecting membranes 67 induces the cancellation of the protecting membranes 67 and 67.1 in the new figure 1.

The cancellation of the chamber 18 in the description induces the cancellation of this chamber 18 in the new figure 1.

The cancellation of the former figure 27 induces report of the electrodes 73 and 75 from this figure to the new figure 1.

The working sheet 1/2 shows the figure 1 without membranes 67 and 67.1, chamber 18 and dipole NS, and with electrodes 73 and 75 (became electrodes 7 and 9).

In this manner, the new figure 1 shows only the matter of the cancelled description and cancelled figures, without new issue/matter.
